

## 1D DP

| Done | Problem                            | Difficulty |
|------|------------------------------------|------------|
| ■    | Climbing Stairs                    | Easy       |
| ■    | Min Cost Climbing Stairs           | Easy       |
| ■    | N-th Tribonacci Number             | Easy       |
| ■    | House Robber                       | Medium     |
| ■    | Word Break                         | Medium     |
| ■    | Coin Change                        | Medium     |
| ■    | Domino and Tromino Tiling          | Medium     |
| ■    | Maximum Product Subarray           | Medium     |
| ■    | Perfect Squares                    | Medium     |
| ■    | Partition Equal Subset Sum         | Medium     |
| ■    | Longest Increasing Subsequence     | Medium     |
| ■    | Minimum Number of Jumps            | Medium     |
| ■    | Maximum Sum Increasing Subsequence | Medium     |
| ■    | Minimum Operations                 | Medium     |
| ■    | Maximum Length Chain               | Medium     |

## Multidimensional DP

| Done | Problem                                              | Difficulty |
|------|------------------------------------------------------|------------|
| ■    | Pascal's Triangle                                    | Easy       |
| ■    | Triangle                                             | Medium     |
| ■    | Minimum Path Sum                                     | Medium     |
| ■    | Unique Paths                                         | Medium     |
| ■    | Unique Paths II                                      | Medium     |
| ■    | Longest Common Subsequence                           | Medium     |
| ■    | Longest Common Substring                             | Medium     |
| ■    | Edit Distance                                        | Medium     |
| ■    | Interleaving String                                  | Medium     |
| ■    | Longest Palindromic Substring                        | Medium     |
| ■    | Best Time to Buy and Sell Stock with Transaction Fee | Medium     |
| ■    | Maximal Square                                       | Medium     |
| ■    | Best Time to Buy and Sell Stock III                  | Hard       |
| ■    | Best Time to Buy and Sell Stock IV                   | Hard       |
| ■    | Palindrome Partitioning (MCM)                        | Hard       |
| ■    | Egg Dropping                                         | Hard       |
| ■    | Matrix Chain Multiplication (MCM)                    | Hard       |

## General / Other DP

| Done | Problem                   | Difficulty |
|------|---------------------------|------------|
| ■    | Longest Valid Parentheses | Hard       |
| ■    | 0-1 Knapsack Problem      | Medium     |
| ■    | Unbounded Knapsack        | Medium     |
| ■    | Target Sum Subset         | Medium     |
